

## About Our Program

Our Incubator Program was designed to give emerging and existing businesses the foundation they need to succeed. We provide essential resources, mentorship, education, and hands-on support to help business owners develop strong, sustainable operations. By equipping entrepreneurs with the tools, knowledge, and connections necessary for growth, we are not only strengthening individual businesses—we are investing in Wall's future.

## Our Mission

We are committed to cultivating the next generation of local businesses.

Through strategic investment in our Industrial Park and the creation of supportive programs, we aim to make Wall a place where **entrepreneurs can launch, expand, and thrive.**

The Wall Economic Development Corporation is committed to fostering entrepreneurship and business growth in our community.
